UIPM CONFIRMS FOUR-YEAR SUSPENSION FOR MAKSIM KUSTOV (RUS)

The UIPM Anti-Doping Panel has confirmed that modern pentathlete Maksim Kustov of Russia will serve a four-year suspension from UIPM Sports as a result of a doping offence relating to the athlete's biological passport.

This follows the provision of evidence to UIPM by the Russian Anti-Doping Agency (RUSADA), which recently announced a four-year suspension for Maksim Kustov as a result of its findings.

UIPM recognizes and supports this action by RUSADA and Mr Kustov will be ineligible to compete for a period of four years starting on October 4, 2016. The sanction includes the disqualification of results achieved by Mr Kustov during the period June 15, 2015 to October 4, 2016.

UIPM is fully committed to the fight against doping and the promotion of clean sport and clean athletes. Find out more on our dedicated microsite.
