OLYMPIC DAY IS A DAY FOR LASER-RUN FUN IN MALAYSIA

The Malaysia Modern Pentathlon Federation took the opportunity to celebrate Olympic Day 2017 on June 23 by hosting a Laser-Run promotional event.

As you can see from our pictures the MMPF invited aspiring Laser-Runners of all ages to try their hand at the youngest UIPM Sport, introduced in 2015, which combines running with laser shooting.

MMPF Secretary General Vivien Chen said: "We hope to spread the word about Laser-Run and Modern Pentathlon and garner a larger following in Malaysia."

Laser-Run City Tour has been introduced in 2017 as a new concept designed to showcase Laser-Run to a global audience and give more and more athletes worldwide an introduction to UIPM Sports, starting them on a road that can end at the Olympic Games.

If you would you like to host a Laser-Run City Tour or find out if there is one coming to a city near you, check out the Events page on the UIPM website or email development@pentathlon.org.
