# UIPM AND CONTINENTAL EVENTS UPDATE

UIPM has provided athletes and other members of the Modern Pentathlon community with an update on the rescheduling process for global and continental competitions postponed due to the #COVID-19 Coronavirus pandemic.

A UIPM spokesperson said: “UIPM is in advanced discussions with the IOC about the new qualification system for Modern Pentathlon at the Tokyo 2020 Olympic Games to be held in 2021.

“We hope to reach agreement by the end of April. The UIPM Executive Board will then meet to ratify the new process and competition dates, which will be announced in May.

“After that we will move as quickly as possible to fix dates for all competitions postponed due to the COVID-19 Coronavirus pandemic.”
