2. Introduction

This guide is intended for the FISU Member Associations that would like to submit a candidature for the organisation of a FISU World University Championship. It refers to the official documents of FISU: the FISU statutes, the regulations and application rules for the FISU sporting activities.

The FISU World University Championships are organised every two years, in even-numbered years. The 21 events comply with the FISU spirit, according to which no discrimination is allowed against countries or persons on the grounds of race, religion or political affiliations.

The mandate for organising a FISU World University Championship must be obtained through a National University Sport Association that has the status of effective member of FISU. It is further required that a representative of the National University Sport Association be a member of the Bidding Committee.

The management of the FISU Championships is carried out by the International Technical Committee (CTI) composed of the chairpersons for each sport. The coordination between the National University Sports Federation and the chairpersons of the sports committees is carried out at the FISU WUC Department.

We would like to thank you for your interest in promoting and developing university sport through the organisation of a FISU event in your country.

- Graphics reinforce the message but should be used in an effective and balanced way.
- Preferably high contrast between background and text colour.

- Underline the weaknesses and threats and show how they can be turned into new opportunities.

After their intervention, there will be a questions and answers session, normally taking no more than 15 minutes.

3.3.3. WUC Attribution

Based on the feedback of the FISU Technical Committee Chair(s) of the sport(s) concerned and the recommendation of the WUC Evaluation Committee, the WUC 2022 will all be attributed at the same time during the FISU Executive Committee meeting in November 2019.

Official information will be published on the FISU website and official letters will be sent to the NUSF and ISF(s) concerned (see below)

FISU will send an official letter of attribution to the concerned NUSF and will also inform the concerned ISF(s), giving proposal of the dates presented in the Bidding Dossier. The dates are in fact the first step to setup with the ISF(s) in order not to coincide with other major international events.
