ANNUAL REPORT

NAMADEV SHIRGAONKAR
Secretary General (AMPC)

FROM THE DESK OF AMPC SECRETARY GENERAL

NAMDEV SHIRGAONKAR

Dear Friends and colleagues,

It was a tough time for the entire world due to the outbreak of COVID-19 Pandemic. We all fought together and today we are able to stand again and we proved ourselves in Tokyo 2021 that no Pandemic can stop us. In this one year we lost our beloved ones but they will always be in our hearts. I appreciate the support and trust from the AMPC family as Secretary General. Even during the pandemic many members kept developing our sports through online seminars and training and AMPC appreciated their efforts. I convey my regards to each and every member of AMPC for the yearlong success and promise to take it to the next level together.

I am always thankful to UIPM who has given us an opportunity to work for this great historic sport.

INDIVIDUAL TRIATHLE

- Triathlon is one of the development event of Modern pentathlon initiated by UIPM. It consists of three disciplines viz. **Swimming, Shooting, and Running.**
- All the three events of the competition takes place as **sumo style**. The first is the Shooting Leg. Triathlon begins with a pack start of Athletes for the first 20mins. After Starter's command athletes race towards the shooting range to pick up their Laser Pistol and start shooting on sensitive targets that are fixed at designated distance, depend on Age Categories. Competitors have to register five shots in minimum time to complete the shooting leg and gain 1st athlete over fellow competitors. If a Athlete could not hit the target five times, then he will have to keep on shooting till 50 Sec are over.
- For shooting, open training of athletes must be organized before the competition. A separate shooting warm up area might be provided for athletes for 15 minutes warm up before the competition. At least 5 minutes before the start, athletes should have set up their shooting position on the competition range.

TRIATHLE RELAY

- For Relay, the first athlete completes the first two series and hands over to the second athlete for the last two series. This transition is done in Finish Line area. Individual events can be organised separately for men and women, or combined so that they compete against each other.
- If there are free places in one age group, then two or more age groups can be merged to form one heat, as long as the differences of the age groups are respected.
