

# FÉDÉRATION INTERNATIONALE DE GYMNASTIQUE

13 September 2024

Dear UIPM delegates,

As President of the International Gymnastics Federation (FIG), I support the candidacy of Ms. Kitty Chiller OAM of Australia for the position of Vice President of the UIPM (Modern Pentathlon International Federation). Kitty has been involved with our federation for many years, in particular during my tenure as President of the FIG since 2016.

Kitty has a wealth of global experience in sports administration and executive leadership, which I am sure would benefit the UIPM. She has made a significant contribution to the sport of gymnastics and is well known within the Olympic movement.

Her excellent understanding of sports development from grass roots to high performance level has always had the wellbeing of the athletes at its heart.

I fully recommend her as a candidate and trust that your members will consider her candidacy for election to the UIPM as Vice President favourably.

Sincerely,

Morinari Watanabe  
President of International Gymnastics Federation  
IOC Member
