UIPM PRESIDENT'S MESSAGE

Dear Media Representatives,
Dear UIPM Family,

The first year after the 2016 Summer Olympic Games in Rio is an important milestone and we are now looking forward to the 2020 Games in Tokyo. Time is running fast but so is the development of our sport.

UIPM experienced an exciting digital revolution with UIPM TV and the UIPM shop accompanying a new UIPM Website to complete a truly modern digital ecosystem. Now we offer more and more possibilities for fans to follow the sport and to connect with the athletes who inspire them.

The innovations of recent years allow us to present Modern Pentathlon in a more compact way than ever before. Our shared goal is to bring the athletes and coaches closer – closer to the media, closer to the spectators and closer to our international Olympic Family, sponsors and other partners.

The UIPM Media Guide 2017 provides details of all the successful competitions of last season and more detail and information on our most prominent athletes.

UIPM is actively spreading key competitions all over the world to ensure that our global sport created by Baron Pierre de Coubertin will be familiar in all corners of the world.

Our non-Olympic sports (Laser-Run, World Schools Biathlon, Biathlon,

Triathlon and Tetrathlon) will enable stronger development in developing and developed countries. We are reaching out to much more people.

The athletes are the centrepiece of our sport and they have the opportunity to shine on the global stage with the support of the media. UIPM is dedicated to fair play and the protection of clean athletes. As Pierre de Coubertin said, „May joy and good fellowship reign, and in this manner, may the Olympic Torch pursue its way through ages, increasing friendly understanding among nations, for the good of a humanity always more enthusiastic, more courageous and more pure“.

Modern Pentathlon is a sport of integration, tolerance and respect. A sport of all religions and ethnic groups. Especially in these times it is important to stay united in pursuit of a better world. „A better world could be brought about only by better individuals“, as our founder put it.

I take this opportunity to thank you for the huge support and interest in our sport, establishing stars through television coverage, digital and press reports and photographs. I sincerely hope to continue and build on this strong cooperation and I wish a wonderful Modern Pentathlon season 2017 to all of you.

Sincerely yours,

Dr Klaus Schormann

UNDERSTANDING THE SPORT

FENCING

The Modern Pentathlon competition starts with the Épée Fencing but in 2015 UIPM has officially introduced a new, dynamic element to the discipline. In the Ranking Round, each athlete fences against each of their rivals in bouts that last up to a minute. Just one hit is needed to win. If neither fencer has scored a hit after 60 seconds they both register a defeat. An athlete who wins 25 of their 35 bouts will get 250 pentathlon points, with each victory or defeat above or below this number worth a plus or minus score of 6 points.

In the final round, called the Bonus Round, a single fencing piste is used and the competition is a one-on-one fight, each bout lasting maximum 45 seconds. This event takes place on the same Field of Play as the Ride and Laser-Run.

The pentathletes' points from the Ranking Round are taken over to the final round. The competition is carried out in reverse order, with the last-place athlete going first against the next-placed athlete. The winner of each bout will be matched against the next best-ranked pentathlete. In this way, a pentathlete may continue to advance as long as they continue to win matches. The bout winner receives one bonus point for each bout they win.

SWIMMING

The swimming event is a 200m freestyle race. The heats are seeded with the fastest swimmers competing in the final heat. A time of 2:30 is worth 250 pentathlon points and every half a second faster or slower than this time is worth a plus or minus score of one point.

RIDING

In the riding event, athletes have to complete a show jumping course that is between 350 and 400 meters including 12 obstacles and 15 jumps, in a set time.

The horses are assigned randomly and each athlete only has 20 minutes and five practice jumps to get to know the horse in the warm-up ring, before coming out to compete.

A clear round within the time allowed is worth 300 pentathlon points. Competitors lose 7 points for each jump they knock down, and 10 points for a refusal to jump or a fall, which is equivalent to a 10-second handicap in the final combined event. They also lose one point for each second they are over the allowed time.

It is mandatory to cross the final line otherwise the rider will be eliminated with zero points for the riding.

LASER-RUN

For the climax of the competition, athletes run a total distance of 3,200m, stopping to shoot and hit the target five times from 10 meters distance before each 800m leg – this is repeated four times. Athletes can start running the next 800m leg once they have hit the target five times. If they still have not hit the target five times after 50 seconds, they are allowed to continue, but any hopes of a medal will have gone.

The competitor who has amassed the most points in the first three events starts the Laser-Run first, with the rest of the field facing a one second handicap for each pentathlon point by which they trail the leader. This ensures that the first person to cross the finish line wins the Gold medal. The terminology of this discipline was changed from Combined Event to Laser-Run in 2016.

MEDIA & TV COVERAGE

Throughout 2017, all Modern Pentathlon competition finals will be live-streamed in programme style, lasting around one hour.

The live stream will consist of 2 main elements a highlights package of the day's first 3 disciplines (Swimming, Fencing and Riding) followed by live coverage of the closing Combined event.

Modern Pentathlon will be beamed out live on TV across Europe this summer after the UIPM signed a contract with continental network Eurosport.

The agreement will include the 2017 World Cup Final in Vilnius (LTU) in June and the Senior World Championships in Cairo (EGY) in August, where the finals will be broadcast live to a vast audience of sports fans across Europe and beyond.

NEWS EDITS

On the night of each final event, four minutes of news edits are digitally available. These edits include interviews and footage from the day's action. Specific interviews and footage of certain athletes can be arranged on request.

POST-EVENT HIGHLIGHTS

The official one-hour highlights programme will focus on the Men's and Women's events, and may also include coverage from the Mixed Relay and other key moments from the competition week. The highlights programme is delivered in digital material with International soundtrack and full English commentary and script. It will be available ten days after each event.

Chloe Esposito wins Australia's first Olympic gold in women's Modern Pentathlon.

A full-page photograph of Chloe Esposito, an Australian modern pentathlete, celebrating her victory. She is wearing a blue and yellow Australian singlet with the Olympic rings and the word 'AUSTRALIA' on it. Her bib number is 7 and her name 'ESPOSITO' is visible. She is holding the Australian flag and the Olympic flag, and has a joyful expression with her mouth open. The background is a blurred stadium.

2016 REVIEW

CAIRO (EGYPT) 21-28 FEB 2016

WORLD CUP I

Lena Schoeneborn (GER) set the standard as the first gold medallist of the 2016 elite season by winning the Women's Individual event at UIPM World Cup #1 in Cairo, with **Annika Schleu (GER)** picking up silver.

A stunning home victory by **Amro Elgeziry (EGY)** then provided a dream come true for organisers and spectators in the men's individual event.

Italy claimed the first Mixed Relay gold medal of the season after an outstanding performance by **Lavinia Bonessio** and **Auro Franceschin**.

ROME (ITALY) 30 MAR-3 APR 2016

WORLD CUP III

Normal order was restored on the UIPM World Cup circuit as **Laura Asadauskaite (LTU)** won her first event of the season ahead of silver medallist **Lena Schoeneborn (GER)**.

France dominated the Men's Individual final as Valentin Prades and **Christopher Patte** finished in 1st and 2nd place respectively.

The host nation savoured the perfect climax to World Cup #3 as Italy (**Lavinia Bonessio** & **Lorenzo Michele**) claimed their second Mixed Relay gold of the season.

RIO (BRAZIL) 8-15 MAR 2016

WORLD CUP II

Claudia Cesarini (ITA) conquered a tropical downpour and dozens of higher-ranked pentathletes to secure Women's Individual gold at World Cup #2.

Jun Woongtae (KOR) continued his impressive rise by securing Men's Individual gold at World Cup #2 after an intriguing battle with silver medallist **Omar Elgeziry (EGY)**. **Lena Schoeneborn** asserted her class once again when she teamed up with **Patrick Dogue** to win gold for Germany in the Mixed Relay.

KECSKEMET (HUNGARY) 13-18 APR 2016

WORLD CUP IV

After beginning the Combined Event 48 seconds behind the leader, **Anastasiya Prokopenko (BLR)** secured an extraordinary victory in the Women's Individual event at World Cup #4 ahead of home favourite **Zsafia Foldhazi (HUN)**.

James Cooke (GBR) also denied Hungary glory when he won gold in the Men's Individual event ahead of Hungarian duo **Adam Marosi** (silver) and **Bence Demeter** (bronze).

Guatemala's development was evident again when their leading duo of **Isabel Brand** and **Charles Fernandez** won Mixed Relay gold.

SARASOTA (USA) 3-9 MAY 2016

WORLD CUP FINAL

Lena Schoeneborn (GER)

completed an exemplary campaign as she was crowned winner of the UIPM World Cup for the 3rd time in Sarasota, Florida (USA). Silver went to **Zsafia Foldhazi (HUN)**.

James Cooke (GBR) confirmed his status as one of the world's top pentathletes with gold in the Men's Individual event. **Patrick Dogue (GER)** secured silver.

Ireland (Natalya Coyle & Arthur Lanigan-O'Keeffe) went one better than 2015 as they won gold in the Mixed Relay that brought the curtain down on the 2016 UIPM World Cup season.

MOSCOW (RUSSIA) 22-29 MAY 2016

SENIOR WORLD CHAMPIONSHIPS

Modern Pentathlon crowned two new senior world champions in Moscow.

Sarolta Kovacs (HUN) won the Women's Individual gold ahead of silver medalist **Elodie Clouvel (FRA)** and bronze medalist **Lena Schoeneborn (GER)**.

Valentin Belaud (FRA) won the Men's Individual title after overcoming silver medalist **Alexander Lesun (RUS)**, with **Jung Jinhwa (KOR)** taking bronze.

Lesun (RUS) was back on top of the world as he and **Donata Rimsaite** teamed up to win gold for host nation Russia in the Mixed Relay. Germany won the Women's Relay and Korea won the Men's Relay.

CAIRO (EGYPT) 11-18 SEPT 2016

JUNIOR WORLD CHAMPIONSHIPS

Kim Sunwoo (KOR) claimed the title of UIPM 2016 Junior World Champion in hot weather in the Women's Individual Final.

Charles Fernandez (GUA) then denied Korea another gold as he prevailed in an epic battle with **Jun Woongtae (KOR)**.

Russia won the Men's and Women's Relay gold medals while Italy claimed the Mixed Relay title.

LIMERICK (IRELAND) 12-19 JUL 2016

YOUTH A WORLD CHAMPIONSHIPS

Aurora Tognetti (ITA) claimed gold in the Women's Individual Final at the Youth A World Championships in Limerick.

An incredible sprint finish allowed **Jeong Youngjin (KOR)** to defeat silver medalist **Ivan Khamtsou (BLR)** in the Men's Individual Final.

Italy (women), Korea (men) and Russia (mixed) continued to dominate the championships as the relay titles were split three ways.

RIO (BRAZIL) 18-20 AUG 2016

OLYMPIC GAMES

Modern Pentathlon celebrated six new Olympic medallists and four world records in an exceptional competition at the 2016 Games in Rio de Janeiro (BRA).

First Chloe Esposito (AUS)

engineered a stunning triumph in the women's event, where she was joined on the podium by **Elodie Clouvel (FRA, silver)** and **Oktawia Nowacka (POL, bronze)**.

Alexander Lesun (RUS) became men's champion after a strong and unflappable performance that gave no chance to the rest of the field. **Pavlo Tymoshchenko (UKR)** won silver and **Ismael Hernandez Uscanga (MEX)** won a sprint to the line for bronze.

Two world records were broken in the pool, as **James Cooke (GBR)** and **Gulnaz Gubaydullina (RUS)** set the fastest-ever 200m freestyle times in Modern Pentathlon.

Men's champion **Lesun (RUS)** laid a strong foundation for his victory with a world record Fencing score of 268. After being eliminated from Riding, defending champion **Laura Asadauskaite (LTU)** broke the world record for the Combined Event with a time of 12mins 01.01secs.

Champions Esposito (AUS) and **Lesun (RUS)** both recorded Olympic records for overall score.

Alexander Lesun of Russia celebrates his gold medal after a dominant performance

PENTATHLON

WORLD RANKING

HOW DOES IT WORK?

The PWR is the official list used to rank pentathletes. It includes the ranking points awarded to the pentathletes according to their three best placing in the official UIPM international competitions held during the preceding 12 months. If during this 12-month period there are 2 competitions of the same type (example: 2 CCh, 2 WCh, 2 WCF) only the most recent will be included in the PWR.

There are PWR individual lists for Senior, Junior and Youth, for both genders and Relays.

Every pentathlete earns PWR Points according to the level of the competition and his/her final place as specified in the PWR Point Table.

WHICH LEVEL OF COMPETITIONS EXIST?

There are four (4) level of competitions.

Level 1:

Olympic Games, World Championships, World Cup Final. The winner gets 80 points. Following places earn points according to points table

Level 2:

Continental Championships/ Games, World Cup Competitions, CISM World Championships. The winner gets 60 points

Level 3 and 4:

Regional Championships/Games and International World Ranking Competitions, depending on participation and strength they will be ranked as level 3 or 4 competitions. The winner gets 40 or 20 points, according to the level.

COMPETITION LEVELS

| PLACE | 1 | 2 | 3 | 4 |
|-------------|-------------|----------|----------|----------|
| 1 | 80 | 60 | 40 | 20 |
| 2 | 75 | 55 | 36 | 17 |
| 3 | 70 | 51 | 33 | 15 |
| 4 | 66 | 48 | 31 | 13 |
| 5 | 63 | 46 | 29 | 11 |
| 6 | 60 | 44 | 27 | 10 |

MODERN PENTATHLON TIMELINE

Modern Pentathlon is a unique multi-discipline sport created by the Olympic Games founder, Baron Pierre de Coubertin, that combines mental and physical challenge to find the most complete athlete. It evolved out of the Ancient Pentathlon at the 1912 Stockholm Olympics. It was Baron Pierre De Coubertin's belief that the Modern Pentathlon event

would "test a man's moral qualities as much as his physical resources and skills, producing thereby the ideal, complete athlete". Pentathlon has evolved considerably over the years. It adopts modern concepts and latest technology to improve the competition and the spectator and fan experience.

OUR COMPETITIONS

MODERN PENTATHLON AND OTHER UIPM SPORTS

UIPM WORLD CHAMPIONSHIPS

World Championships take place annually for senior (22 and over), junior (19-21 years) and youth A (17-18 years) athletes, men and women, which include individual, team and relay events. Youth A World Championships adopt the Tetrathlon format, which does not include riding.

Athletes qualify for the Final via qualification groups of up to 36 athletes per group. So, in the case of 3 groups, the top 8 placed athletes qualify directly from each group, with the next best 12 athletes from all groups rounding out the field. The athletes then compete in the Finals, which is therefore comprised of the best 36 competitors from these qualifiers. Individual medals are awarded as well as team medals, which are decided by adding the three individual team members' scores together. For the exciting relay event, this consists of up to 24 teams of two athletes, competing in a continuous relay using all five disciplines and is completed in just one day. Each team member swims 100m, fences one opposing team member, rides a horse over 9 x obstacles and finishes the

competition with the Laser-Run event, consisting of 2 series of shooting and 2 x 1 km running. In this way, the relay competition is an exciting spectacle requiring contribution from both team members in every event. Also a mixed relay with two competitors, one man and one woman, has been included since 2009 on the official World Championships programme.

UIPM WORLD CUP SERIES

A World Cup series for both men and women has been organized since 1990. Each year between 4 and 6 World Cup competitions and a World Cup Final are organized and the whole package is called the World Cup series. The best 36 athletes qualify for the World Cup Final via a ranking list using the three best results of each athlete at World Cup competitions. Significant prize money is also available.

BIATHLE (SWIM-RUN)

Biathle was established in Monaco in 1999. Through Biathle the UIPM has established a competition comprising of two fundamental components of Modern Pentathlon and represent the most practised sports in the world – running and swimming.

The Biathle competition begins with a pack start of runners who complete one-half of the total running distance before entering a 50 meter transition area. Athletes then dive into the water and swim the required swimming distance before exiting the water, putting on their shoes and running the second leg of the run to the finish line.

TRIATHLE*(SHOOT-SWIM-RUN)*

Through Triathle, the UIPM has established a platform to encourage young athletes to practise modern pentathlon starting from the basic disciplines of running and swimming and then progressing into shooting to slowly become full pentathletes.

Modern Triathle begins normally with a pack start of runners for the first 25m, followed by athletes competing in the first of multiple shooting series of 5 shots each, prior to approaching the transition area and then swimming before running the final leg to the finish line. It was introduced in 2012.

TETRATHLON*(FENCING-SWIM-RUN-SHOOT)*

It is, to all intents and purposes, Modern Pentathlon without the horses. Tetrathlon has become a vital part of the UIPM portfolio because it combines Fencing, Swimming and Laser-Run and is therefore the perfect audition for our ultimate five-sport test.

Tetrathlon is now the favoured format for many important events including the Youth Olympic Games (Singapore 2010 and Nanjing 2014), University-level competitions and the Masters (over-30s) circuit. It is also used for Youth A (under 19) and Youth B (under 17) competitions, allowing teenage athletes to qualify for the YOG.

LASER-RUN (SHOOT-RUN)

Laser-Run is the new and exciting UIPM initiative launched in the middle of 2014 to increase international interest in developing additional disciplines to broaden our presence worldwide; enabling all athletes in the world to overcome difficulties in terms of access to new technologies, systems and equipment which might be a barrier of entry into the world of sport. Laser-Run consists of running and shooting, which has been tested in all varieties of weather conditions and on diverse surfaces to include the cross-country environment, track and field as well as indoor arenas. Its 'plug and play' approach, easy to set up, combined with the uniqueness of the concept has facilitated its rapid growth in the past two years.

WORLD SCHOOLS BIATHLON (SWIM-RUN)

In 2005 UIPM launched a new competition linked to the success of Biathlon. The event consists of the swimming and running disciplines. The swimming discipline is conducted in a 25m or 50m pool and the running discipline is conducted preferably on a standardized track (although it can also be carried out on a flat surface if extra care is taken so that the distances are correct). The swimming discipline is conducted first and the running discipline is by mass start. The Final result is the sum of the total swimming and running points. The success and originality of the 'World Schools Biathlon' is that schools take part in this international competition by entering their results in a global database using the UIPM website (www.pentathlon.org) directly from their location.

68TH UIPM CONGRESS

UIPM Executive Board 2016-2020

President:

Dr Klaus Schormann (GER)

Secretary-General:

Shiny Fang (CHN)

First Vice President:

Juan Antonio Samaranch (ESP)

Vice-Presidents:

*Viacheslav Aminov (RUS), Joel Bouzou (FRA),
Berik Imashev (KAZ), Juan Manzo Oranegui (MEX)*

Treasurer:

John Helmick (USA)

Member for Sport:

Janusz Peciak (POL)

Member for Marketing:

Martin Dawe (GBR)

Member for Media:

Andrejus Zadneprovskis (LTU)

Member for Development:

Viacheslav Malishev (GEO)

Confederation President (Africa):

Nundkishor Fakun (MRI)

Confederation President (Asia):

Sangwoo Park (KOR)

Confederation President (Europe):

Dmitry Svatkovsky (RUS)

Confederation President (NORCECA):

Rob Stull (USA)

Confederation President (Oceania):

Kitty Chiller (AUS)

Confederation President (South America):

Jorge Salas (ARG)

Athletes Committee Chair:

Aya Medany (EGY)

Coaches Committee Chair:

Christian Roudaut (FRA)

Medical Committee Chair:

Dr Natalia Ofitserova (BLR)

- Laser-Run will be incorporated into Modern Pentathlon and Tetrathlon with the UIPM sport introduced as a replacement terminology for Combined Event, the Run/Shoot discipline that is the climax of Modern Pentathlon.
- UIPM will update its Anti-Doping constitution to ensure full compliance with the latest recommendations from the World Anti-Doping Agency (WADA), namely that the federation will be the sole results management authority for all anti-doping rule violations.
- The UIPM Executive Board appointed an Innovation Commission and an Equipment Commission to ensure its sports are always up to date with technological developments and opportunities.
- The scoring system in Modern Pentathlon will be changed to reduce the value of Swimming points from three points per second to two points per second. This is a change aimed at stimulating development in countries where the swimming infrastructure is not fully established.
- The UIPM Rules of Internal Organization will be changed in regard to athletes who change their National Federation (NF). An athlete will be able to participate in Category A & B competitions on behalf of a new NF provided that at least two years have passed since they represented their former NF, and at least three years in the case of the Olympic Games.

2016

THE HIGHLIGHTS

The Rio 2016 Olympic Games provided another watershed moment in the long and glorious history of Modern Pentathlon.

Multiple records were broken in front of the sport's highest-ever TV audience, and spectators in the Deodoro Stadium were treated to the first Olympic Fencing Bonus Round (FBR), contested on a futuristic inflated stage.

The FBR was the most innovative change introduced to the sport in 2016, and it added value for crowds and TV audiences alike.

The 2016 UIPM Senior World Championships in Moscow (RUS) also raised the bar for media coverage and sponsorship revenue, and on the competitive side there were definite signs of a new strength

in depth among the global Modern Pentathlon community.

Incredibly, the 18 individual medals handed out at the World Cup Final, World Championships and Olympic Games were shared by 15 different athletes from four continents.

Laser-Run continued its rapid emergence with a spectacular 2nd World Championships in Lisbon (POR), while the Biathle-Triathle World Championships also attracted a very large entry and Ireland hosted its first Category A competition in style at the University of Limerick.

With a thriving Masters scene and a Para Pentathlon movement also growing globally, the various UIPM Sports all have one thing in common: they are on the up.

Ismael Hernandez Uscanga (bronze) celebrates becoming Mexico's first Olympic pentathlon medallist

HIGHLIGHTS, HEROES & RECORDS

1950s MEN

This was a decade dominated by Swedish athletes, with several World Championships titles and two consecutive Olympic Gold medals for Lars Hall in 1952 and 1956. Lars Hall was the first Pentathlete to win individual Olympic and World Championships Gold. But all the time the athletes from Soviet Union Konstantin Salnikov and especially Igor Novikov were starting to get stronger...

1960s MEN

Former Soviet Union (URSS) and Hungary were the dominant nations, winning all team gold medals at Olympic Games and World Championships. Igor Novikov, and then especially Andras Balczó (winning individual Olympic and several individual World Championships Gold) from Hungary were the outstanding athletes, with Ferenc Török and Ferenc Nemeth winning Olympic Gold as well.

1970s MEN

After Andras Balczó was crowned as Olympic Champion in 1972, he was succeeded by Janusz Peciak from Poland in 1976. He became the best athlete of this era, together with Pavel Lednev, 4 times individual World Championships from the URSS. Poland was the only nation to break the URSS and Hungarian phalanx, by clinching several World Championships team titles. The only other athlete winning individual Gold at World Championships during this time was Bob Nieman from USA in 1979.

1980s MEN

Whereas Poland (with Peciak and his teammates), Soviet Union (with Anatoli Starostin, World Championships and Olympic Champion) and Hungary (with a new, young team) kept winning, Italy became a strong nation, winning team gold in 1986, Olympic medals and individual World Championships titles with Daniele Masala and Carlo Massullo. By the end of the decade, all of the new Hungarian team comprised of Attila Mizser, Laszlo Fabian and Janos Martinek had won individual gold at either World Championships or Olympic Games and several team gold medals. Starostin, Peciak and Masala all won individual Olympic Gold and individual World Championships Gold.

WOMEN

1972 UIPM decided to offer Modern Pentathlon for women

In the early years of women's Modern Pentathlon the athletes from Poland and Soviet Union dominated: Irina Kiseleva (URSS) and Barbara Kotowska and Dorota Idzi (Poland). But besides those the German athlete Sabine Krapf, Danish athlete Eva Fjellerup and the French team started to win medals at World Championships.

Poland had strong individual athletes with Arkadiusz Skrzypaszek, winning individual Gold at the Olympics (1992) and World Championships 1991. Besides Hungary, Poland and URS being strong teams the French became a strong Pentathlon nation. It started with Joel Bouzou winning individual World Championships Gold in 1987, team Gold at World Championships 1994 and finally Sebastian Deleigne winning consecutive individual Gold at World Championships 1997 and 1998. The Russian athlete Dmitry Svatkovsky also won consecutive individual World Championships Gold in 1994 and 1995.

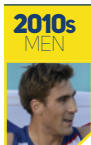

Whereas Poland remained the dominant team and Italy was an emerging force, Eva Fjellerup from Denmark was the woman to catch as she won individual World Championships Gold 4 times. Hungary, Germany, Italy and Russia, Belarus had very successful women athletes during this time as well.

Dmitry Svatkovsky completed his medal collection by also winning individual Olympic Gold in 2000 and leading a new Russian generation to several World Championships titles. Andrey Moiseev became double Olympic champion (2004 and 2008). Besides established nations, new countries, such as Lithuania (Andrejus Zadneprovskis, Edvinas Krungolcas), Czech Rep (Michal Sedlecky) and also Germany (Eric Walther) had athletes winning World Championships and also Olympic medals. It was also the decade when Asian countries, led by South Korea and China, started to become strong contenders, especially with Zhenhua Qian winning individual World Championships Gold in 2005.

Great Britain started to become a very strong team, winning team and individual Gold medals at World Championships; but also winning Gold and Bronze at the first Olympic Games to feature women's Pentathlon in 2000. Zsuzsanna Vörös from Hungary and Stephanie Cook (GBR) both won individual Gold at World Championships and Olympic Gold and Silver respectively. Amélie Caze from France and Lena Schoeneborn from Germany became the next athletes to wear the crown, Caze winning World Championships three times and Schoeneborn taking home Olympic Gold in 2008.

The Russian athletes were still winning lots of medals, but David Svoboda emerged to take the Gold medal to the Czech Republic for the first time. Adam Marosi added to his individual World Championships title 2009 with an Olympic Bronze medal in 2012.

Laura Asadauskaite from Lithuania and Lena Schoeneborn both made history by adding individual World Championships and Olympic Gold to their multiple medals won in other competitions.

**THE MOST IMPORTANT
THING IN THE OLYMPIC
GAMES IS NOT WINNING
BUT TAKING PART;
THE ESSENTIAL THING IN
LIFE IS NOT CONQUERING
BUT FIGHTING WELL.**
