

**UIPM provides structured support to enhance the governance capacity of its member associations by promoting transparency, accountability, and best practice across all organisational levels.**

This support includes the dissemination of clear regulatory [frameworks](#), targeted [governance guidelines](#), and daily advisory assistance to National Federations.

Any organization that is applying to UIPM to become a recognized member federation must provide a list of documents that are signs of good governance. In this process of being recognized, UIPM is in constant contact with the applicant to give support regarding the good provision of mentioned documents.

By reinforcing sound governance structures, UIPM helps ensure that member associations are resilient, compliant, and capable of delivering sustainable development and long-term legacy for modern pentathlon within their respective territories.
