

UIPM Executive Board Meeting

The UIPM Executive Board (EB) approved the following Motions from National Federations to be tabled at the 2017 UIPM Congress in Tbilisi (GEO):

International Modern Pentathlon Day (GEO): To introduce an annual day of recognition for the core Olympic sport and its founder, Baron Pierre de Coubertin. The motion was agreed subject to further consideration of an ideal date.

U17 / U19 World Championships (GEO): To introduce Under 17 classifications to the UIPM Under 19 World Championships.

Clothing / logos (GEO): To ensure the UIPM logo is visible on the clothing of all athletes during UIPM competitions. The motion was agreed subject to further consideration of implementation and timing.

The EB also approved the tabling of three Motions proposed by the Chairman of the Coaches Committee, Christian Roudaut (FRA):

- **Running clothing / national outfits**
- **Coaches zone during competitions**
- **Prizes for coaches**

The EB approved the 2018 UIPM events and competitions calendar, with pending confirmation: final dates for the Senior World Championships in Mexico City (MEX), also raised concerns regarding the venue of Hurghada (EGY) for the Biathle/Triathle World Championships due to security concerns.

In a secret ballot the EB voted to remove Anthony Temple QC (GBR) as a member of the Doping Review Panel and Ethics Commission due to a conflict of interests relating to Mr Temple's former position as President of Pentathlon GB.

Finally the EB approved the proposed winners of UIPM Annual Awards for 2017, the proposal of three new National Federation members – Mali, Niger and Togo – and the following event awards:

- 2018 Congress (Limassol, CYP)
- 2019 Laser-Run World Championships (Budapest, HUN)
- 2019 Congress: decision postponed due to proposed move to Congress every two years (applications by UKR and BLR rejected)
- 2020 Congress: decision postponed (USA or CHN)
- 2020 Senior World Championships: (CHN, city tbc)
