- Mr. Nishanthe PIYASENA, UIPM Sport for All Commission Member
- Mr. Maxime PAPIILLON, UIPM Development Director
- Ms. Lena NUSSBAUMER, UIPM Executive Assistant to the President

Topics:

- Obstacle integration is the main preoccupation at the moment within nations
- Ian ADAMSON making his possible to get more members but it's not a short term project
- We should use every occasion to promote obstacle (events, seminars etc ...)
- End of the round robin is acted for LA2028 so a proposal will come up soon issued by the UIPM Fencing Working Group
- IOC sports department asked for a more continuous format for LA2028
- UIPM President is proposing an art & sport contest in the spirit of Coubertin for all ages
- invite NFs to do more special projects such as tree plantings, water savings etc ...
UIPM President will mention this part during his meeting with HSH Prince Albert II of Monaco
- Youths are the next generations so they should be more aware of these initiatives for the future, worth to promote more within UIPM
- What can be done with medical committee for Youths with education (nutrition, doping awareness etc ..)
- We are always doing things in the spirit of Coubertin like the new 5th discipline and Youths should be aware of that
- Obstacle will help us come (or come back) to new territories (recent discussion with Belgium, Netherlands should come back too)
- Slava proposed a new format for Triathlon with a start with swimming & then LR only without anymore swimming
- How to do continuous Obstacle Laser Run ? Max mentioned the OLR Tour which UIPM is working on at the moment
- UIPM President mentioned the need to create a TC for sport for all to attend non-olympic sport events
- Elite athletes should be separated from open athletes, Open athletes could possibly pay more fees
- Pedro mentioned the current situation now in Asia with Philippines
- Anna asked the question about the current position on BLR & RUS athletes, UIPM President explained the process to have athletes competing from World Cup Cairo and in which conditions they can be considered
- Pedro mentioned that the elimination rule in Obstacle could be modified for the kids
- Nishanthe asked the technical specifications for developing countries for obstacle kits, how can they produce locally and cheap with local materials
