UIPM 2017 World Cup I: Perfect synergy on show at new USA venue Fairplex

The opening UIPM competition of the Tokyo 2020 Olympic cycle took place on the outskirts of Los Angeles at the Fairplex events complex - where temperatures were surprisingly low.

The competition, however, was typically hot and there were gold medals for Hungary, Germany and Korea. There was also a historic moment as UIPM staged an Laser-Run with obstacles demonstration ahead of the incorporation of the format into the Mixed Relay.

Men's Individual: Demeter (HUN) pounces to claim gold

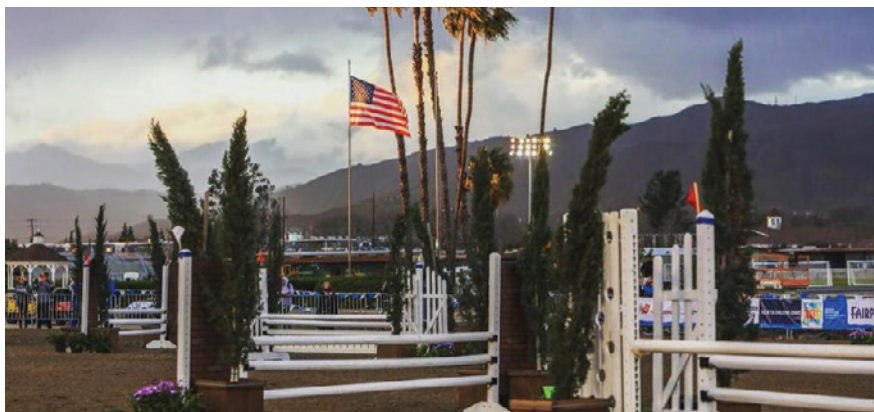

Bence Demeter (Hungary) came from behind to claim Men's Individual gold at the opening event of the 2017 UIPM World Cup season in the 2024 Olympic Games candidate city of Los Angeles.

The 26-year-old, previous winner of two World Cup bronze medals, demonstrated masterful tactics during the Laser-Run that allowed him to outwit silver medallists Pavlo Tymoshchenko (Ukraine) and bronze medallist Alexander Lesun (Russia) and secure his first gold.

Demeter started the Laser-Run in 2nd place behind Lesun (RUS) but it was Tymoshchenko (UKR) who took the initiative in the last three shooting series at Fairplex.

On the final lap, Demeter (HUN) lurked behind the leader and then pounced, timing his sprint to perfection to leave Tymoshchenko (UKR) five seconds behind and Lesun (RUS) a distant third.

"I am very happy, it was a brilliant run-shoot for me," said Demeter (HUN), who had already begun the season with gold at the Peridot Indoor Competition in Budapest.

The flag of host nation USA flies proudly at the Fairplex venue in Pomona, Los Angeles

The Men's Individual podium. (Left - Right) Willie Wilson - Commander of the Army's World Class Athlete Program, SG Shiny Fang, Michelle DeMott (head of OC), Treasurer John Helmick, UIPM President Dr. Klaus Schormann, U.S. Army Lt. Gen. JJ Love, UIPM Member for Markering Martin Dawe, US Teamleader Greg A. Rosenbau

Swimming took place at the Claremont Club

"My tactic was to try to follow the first two competitors and then use my sprint in the last 100 metres. Usually I have a good sprint, so I am very happy."

Earlier, world record-holder Logan Storie (USA) set the pace in Swimming at the Claremont Club. His time of 1:55.85 made him the early leader ahead of James Cooke (GBR, 1:58.79) and Gauthier Romani (FRA, 2:02.33).

It was in the Fencing arena that Lesun (RUS), Tymoshchenko (UKR) and Demeter (HUN) started to take charge of proceedings.

Lesun (RUS) emerged on top in the Ranking Round with 26/8 and he added the extra point by defeating Tymoshchenko (UKR) in the final bout of the Bonus Round, where Danil Kalimullin (RUS) and Nathan Schrimsher (USA) scored three wins apiece.

Only two athletes, Ondrej Polivka (CZE) and Sebastian Stasiak (POL) managed a perfect score of 300 during the Riding, both riding Gracie. But Lesun (RUS) protected his lead with a clean round, allowing him to start the Laser-Run 11 seconds ahead of Demeter (HUN) with Egor Puchkarevskiy (RUS) and Tymoshchenko (UKR) close behind.

After an intriguing Laser-Run, Alexander Nobis (GER) finished 4th ahead of Robert Kasza (HUN) in 5th and Egor Puchkarevskiy (RUS) in 6th.

Women's Individual: Schoeneborn kicks off Tokyo campaign with gold

Lena Schoeneborn (Germany) shook off her Rio 2016 Olympic Games setback with a stylish victory in the Women's Individual final at the opening event of the 2017 UIPM World Cup season.

World No.1 Schoeneborn, 30, claimed her 9th individual World Cup victory and set the pace for the season just as she did in 2016 when she won gold at World Cup I in Cairo (EGY).

Here in the 2024 Olympic Games candidate city of Los Angeles (USA), the 2008 Olympic champion delivered a signal of intent to her rivals aiming for Tokyo 2020 glory. Schoeneborn (GER) began the Laser-Run with a 21-second deficit to Natsumi Tomonaga (Japan), but she dropped the leader on the second 800m lap and never looked back.

In cool and windy conditions it was a commanding performance from a modern pentathlete who has been a model of consistency and excellence in recent years, and whose Rio 2016 medal quest ended with an unfortunate Riding experience.

"It was difficult, but I knew I could still make up the time on the Laser-Run and I didn't have to go all out, and that was nice," said Schoeneborn (GER).

Lena Schoeneborn (GER) enjoys victory

"It's always nice to be able to chase and catch someone instead of leading from the front – mentally it's easier. I had a good couple of rounds of shooting and I caught [Tomonaga], and after that it was up to me."

The 2016 World Cup Final winner was joined on the podium at Fairplex by Kate French (Great Britain) and Ekaterina Khuraskina (Russia), both of whom caught Tomonaga (JAP) on the 3rd lap and engaged in a private duel for silver, won narrowly by French (GBR).

The British athlete was delighted with her first World Cup silver medal, while bronze medallist Khuraskina (RUS) could also be pleased with her first World Cup podium finish since 2013.

UIPM President Dr. Klaus Schormann congratulates Olympic Champion 1988 Seoul and now Head Coach of Hungary Janos Martinek (HUN)

The dirt track at Fairplex provided an excellent venue for the riding event

SWISS WATCHES

Bronze medallist Ekaterina Khuraskina (RUS) shows her emotion

"I can't quite believe it – it was brilliant," said French (GBR), who had begun the Laser-Run in 8th place, 55 seconds off the lead. "I just tried to focus on picking people off and I didn't realise until the last lap that it was going to be such an exciting race for silver and bronze.

"I am really pleased with my run. I was just praying for the finish line to come. It's my highest place at a World Cup so I'm very pleased."

Behind the top four, Russia had two other athletes in the top seven as Gulnaz Gubaydullina came in 5th and Alise Fakhrutdinova in 7th. Ilke Ozyuksel

of Turkey continued her progress by finishing 6th.

Earlier, Gubaydullina (RUS) set the pace in Swimming at the Claremont Club with a time of 2:08.84.

Khuraskina (RUS) came out on top in the Fencing Ranking Round with 28/7, one victory ahead of Schoeneborn (GER). Khuraskina (RUS) defeated Tomonaga (JAP) in the final bout of the Bonus Round but only after the Japanese athlete had enjoyed three wins.

World champion Sarolta Kovacs (HUN) also made progress in the Bonus

Round but her challenge ended in the Riding arena when her horse Dress Rehearsal fell during the warm-up and lost one of its shoes, leading to the rider's elimination.

Four athletes – Anna Maliszewska (POL), Anna Buriak (RUS), Mayan Oliver (MEX) and Yang Soo Jin (KOR) – managed a perfect score of 300 while Schoeneborn (GER) and French (GBR) lost ground with 11 and 30 penalty points respectively. But they would go on to show their class in the Laser-Run.

UIPM President Dr Klaus Schormann said: "Today's women's final was a big challenge for many countries. I want to emphasize the Japanese development on high performance. I was very happy to see that Tomonaga came 4th and was very close to getting a spot on the podium.

"The victory by Lena Schoeneborn showed that she kept focused even though she did not achieve her goal at the Olympic Games.

"A special mention has to go to the the organising committee and the Fairplex staff who have delivered this competition to a high standard of organisation and hospitality to the spectators."

The women's individual podium. (Left - Right) Alain Lunzenfichter (Hon President of Olympic Journalists), Tina Loza, Board Member for LOC, USMPA President Tom Shepard, UIPM Member for Media Andrejus Zadneprovskis, UIPM President Dr. Klaus Schormann, UIPM Member for Sport Janusz Peciak, Mayor : City of Pomona Tim Sandoval, Head of OC, Vice President of Fairplex Michelle DeMott

Mixed Relay: Confident Korea make all the smart moves

The experienced duo of Yang Soo Jin and Jung Jinhwa led Korea to a decisive gold medal in the Mixed Relay as UIPM 2017 World Cup I drew to a close.

For the second successive day it was Japan who set off first in the decisive Laser-Run discipline, a demonstration of their determination to become a more competitive force in Modern Pentathlon ahead of the Tokyo 2020 Olympic Games.

However, Ayumu Saito and Taishu Sato were unable to match the running pace and shooting composure of Korea (Yang/Jung), who made sure the Japanese duo would have to shift their focus to protecting silver.

Behind them, with the final lap approaching it looked like Great Britain (Jessica Varley & Myles Pillage) might pinch an unexpected bronze out of the grasp of Kazakhstan (Elena Potapenko and Vladislav Sukharev), but a nine-second shoot by Sukharev soon snuffed out that challenge and made sure it would be an all-Asian top three.

The Mixed Relay podium. (Left - Right) Patrick Wright, Event Director for LOC, Head of OC and Deputy CEO Vice President of Fairplex Michelle DeMott, President of NORCECA Rob Stull, UIPM President Dr. Klaus Schormann, UIPM Secretary General Shiny Fang, USMPA Teamleader Greg A. Rosenbaum, Ray Brown, Track and Field, USA '68 Mexico City

Earlier, Kazakhstan (Potapenko/Sukharev) narrowly defeated Great Britain (Varley/Pillage) in Swimming with a time of 1:59.38 at the Claremont Club.

There was no such parity in the Fencing arena, however, as Japan (Saito/Sato) dominated proceedings. They took a firm grip on the overall lead as they achieved an impressive tally of 30 victories and four defeats, and it was only in the Bonus Round where they lost the final series to Poland (Anna Maliszewska & Szymon

Staskiewicz) that their dominance was interrupted.

Poland's momentum did not last long, however, as Staskiewicz endured a messy Riding display that put the two individual Rio 2016 Olympic representatives out of contention.

It was Korea (Yang/Jung) who enjoyed the smoothest experience on horseback, incurring only six penalty points to put serious pressure on Japan (Saito/Sato), whose lead was suddenly looking very slender indeed, and proved to be sufficient only for silver.

UIPM President Dr Klaus Schormann said: "The first Mixed Relay of the season was a success, especially for Asia as Korea won the gold medal, followed by Japan and Kazakhstan. It was such an achievement for the Asian nations.

"We have seen here once more a great demonstration of team spirit and this makes us very confident to include the Mixed Relay in Tokyo 2020."

Tom Shepard, Chairman of USA Pentathlon, said: "I want to personally thank our international governing body, the UIPM, for the support and leadership, as well as USA Pentathlon

A high five for Poland between Szymon Staskiewicz and Anna Maliszewska

Lufthansa

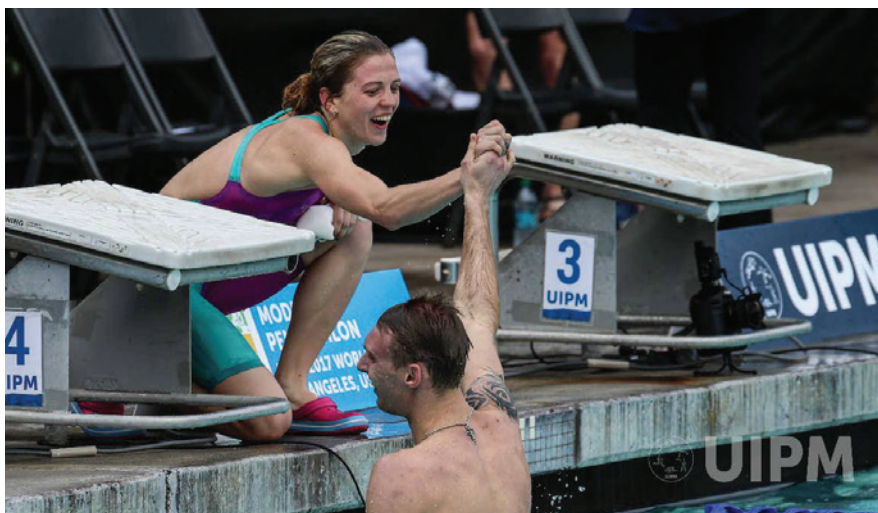

RAM
SWISS WATCHES

Board, the staff of Team USA Pentathlon and the United States Olympic Committee for their continued support.

"A special note of recognition and gratitude goes to the Fairplex, our local organising committee, as well as the countless volunteers and sponsors who truly made this event world class."

Next stop on the 2017 UIPM World Cup circuit is Cairo (EGY, Mar 24-26), followed by Kecskemet (HUN, May 5-7) and Drzonkow (POL, May 26-28). The series culminates with the World Cup Final in Vilnius (LTU, Jun 23-25) which will be televised live on Eurosport.

Bronze medallists Elena Potapenko and Vladislav Sukharev of Kazakhstan

Laser-Run tested with obstacles

UIPM completed a successful first demonstration event of Laser-Run with obstacle, which the federation is planning to incorporate into Modern Pentathlon's Mixed Relay event, during World Cup I.

Eight specially-designed obstacles of varying shape and difficulty were put to the test by volunteer athletes from UIPM in special race that took place after the Women's Final at Fairplex on February 25.

Dr Klaus Schormann, UIPM President, said: "The addition of obstacles to our Laser-Run discipline will make the

Mixed Relay a more interesting and dramatic spectacle both for our athletes and our audience. We are in the process of refining the type of obstacles so as not to influence the flow and rhythm of athletes when they are running.

"This is a logical step in the evolution of the format of our beloved Olympic sport of Modern Pentathlon, and it forms part of a confident application by UIPM for the Mixed Relay to be added to the programme of the Summer Olympic Games in Tokyo in 2020."

Janusz Peciak, the UIPM Sports Director and 1976 Olympic champion in Modern Pentathlon, said: "Last night's successful demonstration event

at Fairplex has underlined the added value that Laser-Run with obstacle can bring to the Mixed Relay and to the wider Olympic sporting movement.

"This is a truly innovative discipline which adds to the challenge facing our athletes, requiring stamina, concentration as well as the teamwork that is already the hallmark of the Mixed Relay. Most importantly, it is a perfect format for spectators."

The UIPM will continue to test and demonstrate Laser-Run with obstacles as an additional feature of the Mixed Relay and another demonstration will be held during World Cup II in Cairo (EGY) in March.

News from around the world

UIPM Statement on Viktoriya Tereshchuk

The International Olympic Committee (IOC) wrote to the Union Internationale de Pentathlon Moderne (UIPM) on February 27, 2017 to communicate a Disciplinary Commission decision regarding the athlete Viktoriya Tereshchuk (Ukraine), winner of a bronze medal in the Women's Modern Pentathlon at the XXIX Olympiad in Beijing in 2008.

Viktoriya Tereshchuk has been disqualified from the XXIX Olympiad in Beijing in 2008 and instructed to

return her bronze medal, diploma and medallist pin.

The Disciplinary Commission found that Viktoriya Tereshchuk had committed an anti-doping rule violation after it was established that she had tested positive for the presence and/or use of a Prohibited Substance in a bodily sample provided on August 22, 2008.

The substance in question was dehydrochloromethyltestosterone (turinabol), an exogenous anabolic steroid.

Viktoriya Tereshchuk has been informed of the decision via the Ukraine National Olympic Committee. She has 21 days in which to appeal to the Court of Arbitration.

The UIPM Anti-Doping Panel has been informed of the decision and will determine in due course the duration of the ineligibility period to be applied to Viktoriya Tereshchuk according

to the UIPM Anti-Doping Rules and Procedures.

UIPM President Dr Klaus Schormann said: "The UIPM acknowledges the decision of the IOC Disciplinary Commission in respect of the athlete Viktoriya Tereshchuk.

"This is a highly regrettable and very rare case of a Modern Pentathlete being found to have committed an anti-doping violation, and UIPM is grateful to the IOC for having devised a system of detecting historic transgressions relating to the Olympic Games.

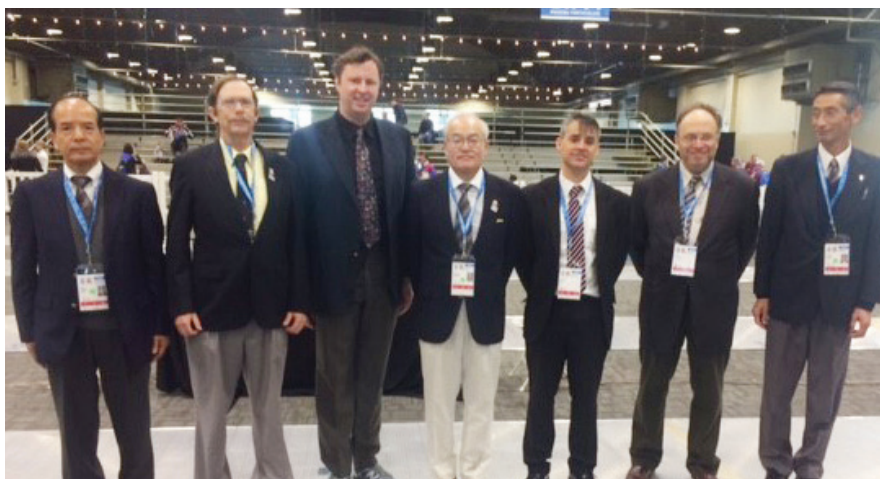

"UIPM is committed to promoting clean sport and protecting clean athletes, and will continue to maintain a robust anti-doping system in order to enshrine the values of respect and fair play as established by our founder, Baron Pierre de Coubertin."

Tokyo 2020 judges benefit from educational programme

As Japan prepares to host the Olympic Games in 2020 in Tokyo, the UIPM is currently developing and delivering specific judging programmes for Modern Pentathlon in Japan to assist the Japanese federation to train more officials at international level.

At the end of 2016, the Japanese International Judges passed an official judges seminar and on the road to Tokyo, the group will attend various World Cup and World Championships in order to learn more about international competition.

The Olympic Modern Pentathlon judges can have an impact on developing and

Members of the Japanese International Judges group

improving the Modern Pentathlon in Japan. Having access to the latest knowledge and understanding of our sport will give it the best opportunity to succeed in the Olympic environment.

Australian talent blooms in wake of Esposito success

The 2017 Australian Modern Pentathlon Championships in Melbourne attracted a healthy attendance of 27 competitors, demonstrating the effect of Chloe Esposito's victory at the 2016 Rio Olympic Games as well as Max Esposito's 7th-placed finish.

Marina Carrier won the Open Female competition with a very strong performance, scoring 1375 points ahead of silver medallist Charley Barrett (1184) and bronze medallist Grace Mahmoud (1089). The Riding event was held on day one, with all other disciplines taking place the following day.

Lachlan Wardell won the Open Male competition, with Ryan Wardell claiming silver and Paul Bridges-Black picking up bronze. There was a Masters

Kitty Chiller President Modern Pentathlon Australia with the 3 placegetters in Open Female

competition and youth categories as young as Under-9.

Kitty Chiller, President of the Oceania Confederation and UIPM Executive Board Member, said: "It was a very successful competition with 27 competitors across all age groups.

This is the most we have had in a domestic competition for many years. "The most pleasing aspect was the number of females and the number of young athletes. And also the great athleticism of these kids, all of whom have great potential."

Canada stages a real winter warmer

The Winter Nationals staged by Pentathlon Canada in Calgary, Alberta on February 11 & 12 were hailed as a major success.

Pentathlon Alberta President Connie Olsen said: "Congratulations to all the organisers, parents and athletes. Thanks to you and our generous sponsors this was truly a wonderful event.

"As both an organiser and competitor, I can attest that the welcoming spirit of Albertans was clearly in evidence."

The Riding event at the Country Hills Equestrian Centre featured excellent performances at elite level, including a perfect score from 2016 World Masters champion Bob Noble and a third round that was strictly for novice and new riders.

Martin Gajardo (Chile) was one of many pentathletes who impressed in Swimming, with a time of 2:05.45 in the Junior Men's division.

Some of the top scores in Fencing included Cleo Smith with 304 points in the Youth E Girls division and Gavin Pigott with 304 points in the Youth B Boys division.

Patrick Lutz, Bob Noble and Remi Loyer on the Men's Masters podium

In Laser-Run, in the Youth C Girls division, Sydney Lutz posted 11.3 seconds for her first series and followed up with 11.9 for her second - the two fastest Shooting times of the day.

Canada's Summer Nationals will also be taking place in Calgary in July.

Winterpentathlon Davos 2017 hits the mark

Another successful championships attended by eight nations took place in Switzerland from February 2-4 at Winterpentathlon 2017 Davos.

There were Pentathlon and Tetrathlon competitions combining Fencing, Riding, Cross-Country Skiing, Shooting and Giant Slalom followed by a Skiing for Fun session.

The participating nations were Switzerland, Austria, Germany, Ukraine, Great Britain, Denmark, Estonia and Italy.

Medical and Anti-Doping Corner

WADA RELEASES FREQUENTLY ASKED QUESTIONS (FAQs) ON THERAPEUTIC USE EXEMPTIONS (TUEs)

Since 13 September 2016, the cyber espionage group "Fancy Bears" have been releasing batches of confidential athlete data on their website, which they illegally obtained from a Rio 2016 Olympic Games account of the World Anti-Doping Agency (WADA)'s Anti-Doping Administration and Management System (ADAMS). Specifically, they are releasing data related to Therapeutic Use Exemptions (TUEs) delivered by Anti-Doping Organizations (ADOs) – International Federations (IFs), National Anti-Doping Organizations (NADOs), and Major Event Organizers (MEOs).

This situation has led to a lot of media coverage; and, unfortunately, a tremendous amount of misinformation as it relates to TUEs. It is very unfortunate that athletes' TUEs are being debated publicly on the basis of partial, confidential, medical information. Athletes should not be required to publicly justify their TUEs.

This FAQ has been designed to address the misinformation and uphold the rights of clean athletes as embodied within the World Anti-Doping Code (Code) and the International Standard for Therapeutic Use Exemptions (ISTUE).

The TUE program is a rigorous and necessary part of elite sport; which has overwhelming acceptance from athletes, physicians and all anti-doping stakeholders worldwide.

Inside UIPM:

Monthly activities of President Dr Schormann

04.02.2017 Wiesbaden (GER)

UIPM President Dr Klaus Schormann took part in the gala of the German Sport Foundation in Wiesbaden, where he met with leaders of German sport, media, business and politics.

The main points of discussion included the Olympic Summer Games 2016 in Rio de Janeiro, the next Olympic Games in Tokyo 2020 and the candidate cities bidding for the 2024 Olympic Games.

09.02.2017, Hangzhou (CHN)

Hangzhou is the organizer of the 2022 Asian Games. The City Government, the Organizing Committee and the Hangzhou Qinglan Primary School invited UIPM President Dr Schormann to speak to 31 City Governors, parents, teachers, leaders of the school and about 250 children from the primary school.

He discussed principles of education to young generations and addressed many important points linked to the

Dr Klaus Schormann with the children from the primary school

education of modern society and different ways to create a platform that makes education available to girls and boys from all backgrounds regardless of financial handicaps.

Dr Schormann used sport as an example in its capacity as a pillar for education, health, environmental awareness, solidarity, integration, team

spirit, respect, tolerance and fairness. His speech was broadcast by live stream across China.

The Hangzhou Qinglan Primary Scholl appointed Dr Schormann as International Development Consultant from February 2017.

14.-15.02.2017 Lausanne (SUI)

Dr Schormann attended the 2nd International Forum for Sports Integrity in the Olympic Museum, which was opened by IOC President Dr Thomas Bach, who also gave the closing remarks. The two main points on the agenda were:

- Future actions for strengthening the prevention of competition manipulation
- Supporting ethical conduct / anti-corruption

The 150 participants were from Governments and national authorities, NOCs, international organisations, sporting organisations, International Federations, betting operators, experts and IOC.

21.02.2017 Frankfurt (GER)

UIPM President Dr Klaus Schormann met with Prof Dr Hans Michael Ockenfels in Frankfurt to discuss details of his position as newly appointed Chairperson of the UIPM Doping Review Panel and his actions as UIPM Medical Adviser to the UIPM Medical Committee in preparation of the first meeting in few weeks.

23.02.-27.02. Pomona-Los Angeles (USA)

The UIPM President gave a speech during the opening ceremony of UIPM 2017 World Cup I on February 23. He spoke of the historical context of the new destination of Fairplex in Pomona, Los Angeles County, in

relation to the 1984 Olympic Games in Los Angeles. He welcomed more than 20 former Olympic athletes including the IOC Executive Board Member Anita DeFrantz, who represented the USOC. He also welcomed a delegation from the 2024 Los Angeles Olympic Bid campaign team, including Chairman Casey Wasserman and Chief of Sports Games Operations Doug Arndt.

President Dr. Schormann congratulated the new Chairman of the Board of USA Modern Pentathlon Association, Tom Shepard, wishing him a successful leadership for the coming years.

The official ceremony included the handover of a UIPM Hall of Fame diploma and plaque for General George S Patton to US Army Lieutenant

Lufthansa

RAM
SWISS WATCHES

General JJ Love, who represented the Patton family.

During the competition Dr Schormann had various meetings with Secretary General Shiny Fang and Treasurer John Helmick linked to financial strategy and projects for investments associated with the development of Modern Pentathlon and other UIPM Sports. President Schormann had a very detailed discussion with Martin Dawe, Member for Marketing and Andrejus Zadneprovskis, Member for Media, in preparation for the UIPM Business Affairs Committee meeting in London (17.-18.03.2017). The agenda included new branding, publications, new media and TV strategies based on the collaborative deal signed with Eurosport.

President Dr Schormann discussed with the Member of the UIPM Pierre de Coubertin Commission Mr Alain Lunzenfichter important issues about
